

LEADERSHIP

Student leaders are equipped with tools and opportunity to make real change within their school communities.

HOW IT WORKS

Stride's Leadership program is designed to give your student leaders the skills to perform their role to the highest level, to be role models for younger students and create a school environment that is safe, thriving and supportive.

Developing skills like teamwork, public speaking and listening enables the students to perform their roles effectively when working as a group, or undertaking tasks individually. During the day of Leadership Training, students are asked to develop their own culture within their leadership group.

Aspiring leaders to find their voice, and how to take action in a planned and meaningful way; it's one of the best investments you can make in their future!

TESTIMONIALS

"It has provided us the platform for students to organise some action projects within our school year. I am super impressed.

Thanks again for a wonderful program and I encourage all schools to participate and experience this adventure."

- School Chaplain

"Such a worthwhile, well based concepts. Content presented very clearly and professionally. The presenter was clearly experienced."

- Classroom teacher
