

PEER SUPPORT

Senior students are equipped with tools to support and empower younger students and develop a strong school community.

STRIDE.

HOW IT WORKS

Stride's Peer Support workshop helps train a select group of your senior primary or secondary students, to work with younger year levels to help them best navigate the school experience.

Peer Support leaders are trained to deliver scheduled workshops with students from younger year levels, covering topics and skills that are designed to help them make friends, build confidence and flourish in the year ahead.

The Peer Support Program develops a protective culture within your school, where senior students become mentors and ports of contact for younger students to seek out in times of need. This develops a supportive environment that fosters student relationships between year levels and creates a more connected and understanding school community.

TESTIMONIALS

"The Year 7 enrolments reflect a diverse primary background and many Year 7 students initially have few or no friends in the secondary school. The Peer Support Program provides the opportunity for them to make friends amongst their peers and with the older students."

- Classroom teacher

"I like speaking and listening to people. It's giving me more confidence."

- Year 10 student

LEARNING OUTCOMES

Personal and Social Capability

- Communicate effectively
- Become confident, resilient and adaptable
- Work independently and show initiative
- Negotiate and resolve conflict
- Develop leadership skills
- Recognise personal qualities and achievements
