

# FACTS PARENTS PROGRAM

**STRIDE.**  
**EDUCATION**  
UPSKILL.EMPOWER.THRIVE.

FACTS has been specifically designed to help provide parents, carers, education providers and support workers with up-to-date information about educational pathways that enable them to support young people effectively when they're making career transition decisions.

## HOW IT WORKS

Through activities and discussions, FACTS provides participants with:

- Communicating with young people about careers
- Careers/vocational instruments and options
- Finding out about current careers resources
- Training and further education options: Senior School Certificates, VET in Schools, SBATs, TAFE and University
- Apprenticeships and Traineeships
- Tackling the employment market
- Preparing young people for interviews

FACTS is delivered over **3 x 2-hour sessions** and can be booked on weekdays during the day or for evening sessions.

FACTS is also offered as a **train the trainer PD**. The training and resources provided equip participants to facilitate the FACTS program in their school or community setting. FACTS Facilitators can update their FACTS membership each year for updated Career and Transition materials relevant to their state.

## ABOUT THE TRAINING

Stride's trained and experienced facilitators can provide the FACTS program directly to parents within the school or as a professional development program for teachers and wellbeing staff. Detailed resource material is provided for the continuation of the program and to reiterate learning outcomes. The FACTS program can be run at both primary and secondary school levels.

## RECOMMENDED FOR...

Parents, carers, education providers and support workers.
